Ein Gedi Hotel

Ein Gedi Hotel

The Ein Gedi Hotel is situated at the breathtaking point where the sea and desert converge - revealing the Dead Sea and its thousands of shades of blue in one direction and the Judean Desert in the other. Between them lies the Ein Gedi Natural Reserve, a green pearl with an abundance of water and wildlife. The Hotel rooms preserve the all-encompassing experience of nature and tranquility. They are all constructed on a single or double level, enveloped in nurtured gardens and expansive lawns.

We invite you to enjoy a pampering and romantic vacation at the Synergy Spa, the swimming pool surrounded by the wondrous landscape, a perfect ending to an evening at the "Baobar", over a glass of wine and a good show, and an abundance of tours of the area with our guides. Our staff will be happy to help you plan your dream vacation.

Synergy Spa

Synergy means the interaction of elements that when combined produce a total effect that is greater than the sum of each one individually. The whole is greater than the sum of its parts.

We've found the perfect spot, with the most beautiful view around. It's that rare kind of place where one glance can take in the Dead Sea's uniqueness and the Ein Gedi Nature Reserve's charm, along with the Judean Desert. This unique combination of blue, green and brown is nature's contribution to the clear crisp air, the Dead Sea's rich mineral content, and the kind of peace that can only be found in the desert.

We've built an architectural delight which simultaneously respects its natural environment while having its own special charm. We've collected the most professional and pleasant therapists and comprised a menu of treatments addressing every need and wish, starting from the traditional classics and all the way to the most innovative forms of care. And that is how synergy is achieved.

We're inviting you to join us, and complete the synergy.
